## INTEGRATED PLATFORM FOR THE ENTIRE TEM LIFECYCLE

Built to meet the requirements and changing needs of organizations today, the Telesoft Total Cost Management Suite provides an integrated management platform for fixed and mobile telecom expense management.

- » **Integrated Management Platform:** Manage mobile and fixed services from one platform for centralized inventory, common data sharing, unified reporting, and single sign-on.
- » **Modular Design:** Easily add other Telesoft modules – Invoice Management, Call Accounting, Mobility Management, or Asset Management – to grow with the needs of your organization.
- » **Scalable:** To meet the needs of large, global organizations with high-volume, multi-carrier environments.
- » **Automated and Synchronized:** Synchronize the exchange between telecom vendor billing data, HR, and Accounting to reduce time spent validating, approving, and re-entering information.
- » **Highly Configurable:** To meet the unique needs of each and every client.
